at Charterhouse

## Developing Boarding at Charterhouse

In 2017, we announced that Charterhouse will be moving to full coeducation from the age of 13, welcoming our first Year 9 girls to the School in September 2021.

The first stage, in September 2019, will be to establish girls' Houses (initially as Sixth Form Houses) and to refurbish the Central Dining Room in an open plan configuration. The second stage will see the opening of two new-build Houses in 2021 alongside a new café in the centre of the School.

This is alongside a continuous programme of improvements to the existing boys' Houses and the introduction of additional resident staff in each House. This programme is well underway with several Houses completed in 2018 and more planned during 2019 and beyond.

## Stage 1: September 2019

September 2019 will see the introduction of separate boys' and girls' Houses. Initially this will be achieved by converting existing buildings into three new girls' Houses. Two Houses – Chetwynd and Sutton – will form within the large Chetwynd Hall building and Fletcherites will become a girls' House.

---

### 1) SUTTON

*Senior Housemistress:* **Mrs Jani Lambeth**

Jani has been appointed to the role of Senior Housemistress, and Housemistress of Sutton. She joins Charterhouse after 8 years at Bede's Senior School where she has been a teacher of biology, science and PE, and is currently a Housemistress.

---

### 2) CHETWYND

*Housemistress:* **Ms Michelle Creer**

Michelle joins us as the new Housemistress of Chetwynd after 9 years at Lancing College, where she teaches English and is currently a Housemistress.

---

### 3) FLETCHERITES

*Housemistress:* **Miss Alice Brooking**

Alice joined us at Charterhouse in 2016, from Eton, to lead Fletcherites. She was previously a Housemistress at Harrow International School in Hong Kong where she founded a new boarding house. Alice also spent five years as Head of the French department at Harrow.

## New dining arrangements

The School will be moving to open dining arrangements which will offer the opportunity to upgrade our catering service and for pupils to mix informally and carry on conversations from the classroom, sports pitch or music practice.

In the first phase, in September 2019, the Central Dining Room (CDR) will be reconfigured into a large open plan facility where the 'New Houses' will take meals together. The Old Houses in the centre of the School will continue to take meals in their House dining rooms.

The second phase, in September 2021, will see a new and airy café open in Scholar's Court. It will serve breakfast, lunch and homebill (supper) for those that board in the centre of the School and outside those times will be an informal working and social space for staff and pupils alike.

## Stage 2: Opening of two new-build Houses in 2021

When Year 9 girls are welcomed to the School in 2021, we will be opening two brand new Boarding Houses, situated between Daviesites and the Ben Travers Theatre.

One will be the first home of a fourth girls' House, to be called **Northbrook**.

The other will be the new home of **Saunderites** which will relocate over the summer of 2021. Suzanne Allen, the current Housemaster, will remain at the helm and will move across with the boys.

**Sutton** will move into the Saunderites building in the centre of the School. Jani Lambeth will move with the House as Housemistress.

The other girls' Houses will remain in their current locations.

**Fletcherites** will remain in the same building.

**Chetwynd** will expand to fill the whole of the Chetwynd building (previously occupied jointly by Chetwynd and Sutton).
