**The Suicide**  
 by Nikolai Erdman  
 In this hilarious black comedy, Semyon is an unemployed nobody who is 'invisible' in his own country. He decides to take his own life; when word spreads, he inadvertently becomes a celebrity as numerous organisations want him to commit suicide on their behalf. The play was

originally banned in Russia as the satire was far too close to home for the powers that be, but has since become something of a classic.

This amateur production is produced by kind permission of Samuel French Ltd.
