3. The School will take all such steps, that are reasonably practicable, to meet its health and safety objectives, which are:

 - f. To ensure safe arrangements are made for the storage, handling and transport of articles and substances.
 - g. To ensure the School has and maintains up to date fire procedures and documents and ensure that all employees and pupils are familiar with them.

4. This policy is largely dependent upon the total co-operation of every person who works for the School and indeed all employees have a legal duty to:

- a. Take reasonable precautions in safeguarding the health and safety of themselves and others.
- b. Observe all health and safety rules and procedures as laid down by the School and use all health and safety equipment provided.

No person under the age of 18 years should be allowed to dismantle or clean a prescribed dangerous machine.
